F. L. Medhamer was an arrival from San Francisco yesterday.

Albert Krenkel returned yesterday from a trip to California.

Misses Dottie and Myrtle Guthrie arrived yesterday from Reno, and will visit Winnemucca relatives for several weeks.

T. G. Akers, who recently resigned the position of trainmaster of the Southern Pacific, arrived this morning from Ogden.

J. A. Rogers and son, C. A., left last night on a trip to the Puget Sound country. They will take in the San Francisco sights before returning the latter part of the month.

Work was commenced this morning on the Winnemucca Water & Light Company's ditch for the pipe line between the upper and lower reservoirs. A force of twenty men is employed clearing the ground of sagebrush and plowing the surface line of the ditch. A team of ten horses is supplying the motive power for this initial work.

Section Men Injured.

Two section men, P. Hoekules, a Greek, and Philip Cristobal, an Italian, were injured at Valery, the last siding west of Humboldt, yesterday. The former attempted to board a passing freight train with the intention of coming to Winnemucca. He slipped and fell, three cars and the caboose passing over his right forearm, crushing it to a pulp. He was brought here and taken to the county hospital, where the arm was amputated above the elbow by Drs. Hanson and Samuels. The man was also badly cut about the head and several stitches were required to close the wounds.

Cristobal fell from a handcar, striking upon his back upon a rail, and his spine was injured so seriously that he was rendered helpless. He was also brought here and taken to the county hospital for attention.

Both the injured men will be taken to the San Francisco railroad hospital on No. 3 this evening.

New Buildings.

C. I. Anthier has taken the contract to build a residence for H. A. Gilbert on Lay street, between Fourth and Fifth. The laying of the foundation was commenced today and when finished the cottage will be a very handsome one.

J. Schmidt will build a fine two-story brick building, 25x60 feet in size, on the lot adjoining his present Bridge street store. A fine foundation has been laid and the erection of the walls will be commenced as soon as brick can be obtained from Reno. The building will have a handsome iron front, with large plate glass show windows. It will be occupied as a store and residence, and will be one of the most substantial buildings in the town.

Schlitz Beer.

John Diehl yesterday received a carload of Schlitz bottled beer, that which made Milwaukee famous. Mr. Diehl made himself famous with the Silver State force by sending around a dozen bottles with his compliments. Our many thirsty friends will no doubt be pained to know that by the time they see this beer will have disappeared to the last drop.

Surveying Reservoir Sites.

Government engineers are still at work on the headwaters of the Truckee, Carson and Walker rivers, measuring the flow of water and selecting sites for reservoirs. If their reports to Congress are favorable, and there is no doubt they will be, there is assurance that immense sums will be spent to build reservoirs and regulate the flow of the rivers.

Tonopah Is a Warm Place.

A note from George Wingfield, who has been engaged in business in Tonopah for several months, says: "This is the hottest place I have seen for some time; temperature 110 degrees, and no ice in town; water \$2 a barrel and the poorest kind of meals for 50 cents."

STATE NEWS NOTES.

The Nevada Insane Asylum has 186 inmates.

It is now said drilling will begin in the oil fields on or before the 15th of September.

Reno citizens have petitioned the Board of County Commissioners to create the office of Fire Marshal.

The United States Court at Carson is still grinding out convictions. All the culprits are violators of the law against selling or giving liquor to Indians.

Mark R. Averill has tendered his resignation as principal of the Virginia City public school. Mr. Averill has accepted the principalship of the Elko county high school.

It was reported in Carson yesterday that a young man had been killed by lightning in Alpine county, where thunder storms have been of frequent occurrence for the past two weeks.

An artesian well was completed at the old Ferris ranch Wednesday. It is 435 feet deep and flows thirty-five gallons per minute. The pipe is four inches in diameter. This is the fourth artesian well completed this season by Allen & Dake for H. F. Dangberg. There are now over twenty artesian wells in Carson valley.—Gardnerville Courier.

Elko County Merchant in Trouble.

A strange case will be called in the United States Court, probably tomorrow. It will be the first of its kind for many years.

Every year witnesses the sentencing of a dozen or more offenders for selling intoxicants to Indians, who are the special wards of the government, but the transgressors are usually composed of Chinamen and the lower element of white people. Among them will be found a large number of opium fiends, tramps and other degraded creatures, and it is indeed a rare thing that a wealthy business man is put on trial for this offense.

J. B. Hall of Mountain City, Elko county, is under two indictments for selling whiskey to two Indians at his town on Christmas day. He had no preliminary hearing and so the evidence is not known to the public at this time.

Mr. Hall owns a merchandise store a saloon, a hotel and almost all the balance of the town of Mountain City. He is a man of considerable means and has engaged E. S. Farrington to defend him. It is likely that this will be the most stubbornly fought case of the kind ever before the court in Carson. It seems fair to presume that Mr. Hall will go to the last court to retain his liberty, should it be necessary.—Carson News.

Death of Nevada Volunteer.

John T. Bell died in the county hospital at Reno Wednesday. He enlisted from Lovelock in Company A, Nevada Battalion, three years ago, and served until the muster out of the organization in October, 1898. His record as a soldier was of the best and his death will be regretted by his comrades, who held him in the highest esteem.

Reno volunteers and the Red Cross Society of that town interested themselves in giving the deceased a Christian burial. His home was in Columbus, Mo.

Pictured by the Sun's Rays.

A young couple from the country drove into town the other day. The young lady wore a "peek-a-boo" waist—a lace costume extending downward from the shoulders, with a Queen Anne front and a rabbit fence rear. The sun shone with unusual force. That night when she was preparing to retire she discovered a handsome lace design beautifully sunburned upon her back, and on the left shoulder was the silhouette of a man's hand. Keep your eyes open for a young man with his left hand badly sunburned.—Gardnerville Courier.

THE HOME GOLD CURE.

An Ingenious Treatment by Which Drunkards Are Being Cured Daily in Spite of Themselves.

No Noxious Doses. No Weakness of the Nerves. A Pleasant and Positive Cure for the Liquor Habit.

It is not generally known and understood that Drunkenness is a disease and not a weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "HOME GOLD CURE," which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of drunkards into sober, industrious and upright men.

WIVES, CURE YOUR HUSBANDS!! CHILDREN, CURE YOUR FATHERS!! This remedy is in no sense a nostrum but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of Drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the "CURE" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. DO NOT WAIT. Do not be deluded by apparent and misleading "improvement." Drive out the disease at once and for all time. The "HOME GOLD CURE" is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment more effectual than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world upon receipt of One Dollar. Address Dept. An Engineer's Fast Run.

An engineer on one of the roads entering here, in speaking last night of fast runs, said: "Although my machine is not slow, once let a cold get six hours the start of me, and my machinery is no match for it. I have for years kept a bottle of Kemp's Balsam constantly in my cab, and when a cough or cold gets a start of this standard remedy it is indeed a cold day." Price 25c and 50c.
